OUR CLUB

As Senior Vice President of SRUFC's women's rugby team, I would be delighted to discuss Partnerships with our local business community.

Women's rugby is not just a sport; it is a powerful platform for empowerment, equality, and community building. By investing in our team, you are not only supporting the development of talented athletes but also contributing to a movement that promotes inclusivity, health, and social cohesion.

Supporting women's rugby helps break down gender barriers and promotes equality in sports. Our team actively engages with the community through outreach programs and local events, fostering a sense of unity and pride. Rugby promotes physical fitness, mental toughness, and teamwork, leading to healthier lifestyles and positive mental health outcomes for our players and supporters alike.

As we celebrate our 30th year of playing rugby at SRUFC we are thriving women's rugby team. Our players are not just athletes; they are leaders, mentors, and inspirations to the next generation. We need the support from local businesses and this support is invaluable, we invite you to join us on this exciting journey.

If you would like to know more about supporting our team please get in touch.

Trisa Mahoney
Senior Vice President
